

Seapro Kids Foam Lifejacket 100N

Approval: EN395

Flotation: Inherent

Buoyancy: 100N

The Seapro Kids Foam lifejackets offers 100N buoyancy and is an ideal lifejacket for use in just about any kind of boat and also as a safeguard for general use around water.

Designed to be comfortable to wear with great freedom of movement due to the divided foam buoyancy compartments. This highly visible yellow lifejacket comes in three children sizes.

Officially classed as a lifejacket because it turns the wearer into the upright position once in the water.
