

Bluewave Kids Automatic 150N Lifejacket with Harness

Approval: ISO 12402-3	Flotation: Inflatable	Buoyancy: 150N
Chambers: Single	Harness: Deck	Inflator: UML-5

The Bluewave Kids Automatic 150N Lifejacket is suitable for inland, coastal and offshore use even with foul weather clothing. The design not only ensures it is comfortable to wear but also compact to allow good freedom of movement.

Officially classed as a lifejacket because it turns the wearer into the upright position once in the water.

Key Features:

- Automatic inflation with manual override toggle
